\* Only the date of filing (§ 1.6) will be the date used in a patent term adjustment calculation, although the date on any certificate of mailing or transmission under § 1.8 continues to be taken into account in determining timeliness. See § 1.703(f). Consider "Express Mail Post Office to Addressee" (§ 1.10) or facsimile transmission (§ 1.6(d)) for the reply to be accorded the earliest possible filing date for patent term adjustment calculations.

(Petition for Withdrawal From Issue and Abandonment—Issue Fee Paid—To Permit Consideration of an Information Disclosure Statement Under § 1.97 in a Continuing Application)

[6-6]—page 1 of 3

NOTE: "Paragraph (a) of § 1.56 states that the duty to disclose information exists until the application becomes abandoned. The duty to disclose information, however, does not end when an application becomes allowed but extends until a patent is granted on that application. The rules provide for information being considered after a notice of allowance is mailed and before the issue fee is paid (§ 1.97(d)) and for an application to be withdrawn from issue after the issue fee has been paid. An application may be withdrawn from issue because one or more claims are unpatentable . . . or an application may be withdrawn from issue and abandoned so that information may be considered in a continuing application before a patent issues. . . ." Notice of January 9, 1992, 1135 O.G. 13-25, at 16.

NOTE: If an application is withdrawn from issue . . . , an information disclosure statement can be submitted in the continuing application under § 1.97(b) without a certification. A continuing application is treated like any other application with regard to the times set forth in § 1.97(b). Thus, for example, an information disclosure statement could be filed without a fee or certification in a continuing application within three months of the filing date of the continuing application. Notice of January 9, 1992, 1135 O.G. 13-25, at 21.

NOTE: "It would not be proper to make final a first Office action in the continuing application if the information submitted is used in a new ground of rejection." Notice of April 20, 1992 (1138 O.G. 37-41, 40).

NOTE: If the petition is made [§ 1.313(c)(1)], that one or more claims are unpatentable, then the Notice of April 20, 1992 (1138 O.G. 37-41) states:

"This statement that one or more claims are unpatentable over the information must be unequivocal. A statement that a serious question as to patentability of a claim has been raised, for example, would not be acceptable to withdraw an application from issue under 37 C.F.R. § 1.313(c)(1)."

NOTE: "The Office will consider [the filing of a petition to permit consideration of an information disclosure statement under § 1.97 in a continuing application] . . . as sufficient grounds to waive the requirement that [a continuing] application . . . be filed before payment of the issue fee." Notice of April 20, 1992 (1138 O.G. 37-41, 40).
